MINZG PDI Newsletter

For the past five years, the MINZG Graduate Student Committee (GSC) has been organizing the annual Student Presentation Competition (SPC) that allows our graduate students from across the globe to showcase the original research they undertook during their time at the University of Sydney.

This year, we plan to organize the SPC once again. The details of the competition, including the date, will be available on the MINZG website.

We are excited to announce that the SPC will be held on November 30, 2023.

If you're interested in participating, please contact the GSC at gradstudentcommittee@minzg.org.au.

MINZG members are encouraged to attend and support the students as they present their work.

We look forward to an engaging and informative event.

MINZG Graduate Student Committee

NEWS OF MIN GRADUATE CENTER

MINZG Holding Your October

While the summer season may be coming to an end, the academic year is just beginning. This is an exciting time for new and returning students alike. The MINZG Graduate Center is here to support you throughout this transition.

Good Science Practice - October

This month, we will be hosting a workshop on Good Science Practice. This workshop will cover topics such as data management, ethical considerations, and the importance of clear and concise communication in scientific writing.

We encourage all students to attend and take advantage of this opportunity to improve their research skills.

Speaker at MIN PDG: Didier"Gosset, PhD

Join us as we welcome Didier Gosset, PhD, to our MIN PDG event this month. Didier will be discussing his latest research findings and providing insights into his approach to science.

The event will be held on November 10, 2023, from 1:30 PM to 5:00 PM. Refreshments will be served.

Judith Grey: Teach for Change - Global Education

Join us for a special event with Judith Grey, a global education expert. Judith will be sharing her insights on how to create a positive and inclusive educational environment. This event is open to all students and will take place on November 15, 2023.

WORKSHOPS & NETWORKING EVENTS

Career Development @ Biocenter: HSR-Humborn

For those looking to advance their career, we have organized a career development workshop at the Biocenter HSR-Humborn. This event will provide valuable insights into the job market and offer tips on how to navigate it successfully.

Academic Writing and Presentation Skills Courses

In order to help students improve their writing and presentation skills, we will be offering a series of workshops. These courses will cover topics such as effective communication, structuring arguments, and delivering presentations.

UPH Language Center - Placement Exams

The UPH Language Center will be conducting placement exams for students who want to improve their language skills. These exams will help determine the appropriate level of language course for each student.

The HIL Program Fall 2023

The HIL Program is welcoming new students to begin their studies. The program offers a range of language courses designed to improve students' language proficiency.
