Further information on B2 level are recommended and seminars are given in German. Therefore, good language skills in German are necessary.

We are inviting applications for 1.5 scholarships (12 months duration as of October 1, 2023) for female PhD students (cis and trans women) of the MIN faculty of the University of Hamburg under the Pro Exzellenzia PhD program. Through tailored workshops, coaching, counseling, and financial support of 1250 EUR per month, we aim to significantly and sustainably increase the number of female PhD students.

The announcement is intended for female doctoral candidates* (cis and trans) of the University of Hamburg who are applying for a PhD or hold a PhD at least 1 year ago.

Please note that all workshops are exclusively for female doctoral candidates and the application deadline is November 8th.

Scholarship announcement: the Pro Exzellenzia PhD program consisting of coaching, workshops/online workshops, and individual consultation.

The HR department presents various events around the career development of female PhD students, including

- Application Workshop
- Talks onbecoming a professor
- Writing a book on your PhD
- Mix and mingle with a drink or Brezel.
- Register via Geventis

Every Thursday, 02:00 p.m. - 05:00 p.m., at the Hamburg Research Academy.
