3.2.16 Declaration

Application to open the doctorate proceedings - Declaration

As a result of enrollment, the University is entitled to communicate with students electronically in all study-related administrative matters, in particular to post documents in the account (see amendment to the Universität Hamburg Enrollment Regulations of 18.06.2020, § 1 paragraph 2: **Änderung der Immatrikulationsordnung der Universität Hamburg vom 18.06.2020**).

Doctoral candidates have a student status due to their enrollment obligation. They must remain enrolled until completion of the doctoral procedure (i.e. at least until the oral defense is held or, if applicable, until the doctoral procedure is discontinued without completion) and have a valid admission to doctoral procedures.

Communication with the doctoral administration of the MIN Faculty (see contact persons under **Contact):**

- With their enrollment, students (including doctoral candidates) receive a UHH ID and automatically an email alias of the type *firstname.surname@studium.uni-hamburg.de*, which is valid on the central mail server. Each student has access to the central mail server with his/her own UHH ID and can both receive and send emails with the email address. Since we process doctoral procedures electronically, we would like to ask you to use a *uni-hamburg* email address for communication with us during the doctoral procedure for privacy reasons (this includes email domains such as *chemie.uni-hamburg.de*, *informatik.uni-hamburg.de*, *zbh.uni-hamburg.de*, *hs.uni-hamburg.de*, *physik.uni-hamburg.de*, *physnet.uni-hamburg.de*, *uke.de* or *zmnh.uni-hamburg.de* until further notice).
- **Please make sure to have specified a *uni-hamburg* email address or *studium.uni-hamburg.de* email address or an email address of the above-mentioned email domains, which are included until further notice, as your correspondence email address within this application.**
- **You can change your correspondence email address by yourself at any time** logging in to Docata-MIN on the start page via the link *Update your personal contact details in Docata now*. In addition to the specified correspondence email address, you can also **enter further email addresses** and **thus ensure that the doctoral administration has an email address that can always be used to contact you until the doctoral certificate is issued.**

To that end, here are three important notes:

- A) **Processing applications and doctoral procedures in the MIN Faculty: Electronically and paperless!** We process doctoral procedures electronically. Paper documents are not requested, but also not accepted! **Exception: Submission of the dissertation, which you submit here for evaluation, also in paper form to the responsible Academic Office or Doctoral Office Physics (for archiving purposes)!**
- B) **Enrollment and valid admission period: Mandatory for all doctoral students!** Doctoral candidates must both submit the dissertation and hold the oral defense within a valid admission period. Doctoral candidates must remain enrolled until the oral defense is held. A period of approximately three months must be considered for the examination procedure (from submission of the dissertation to the oral defense).
- C) **Communication with the doctoral administration of the MIN Faculty: Via UHH server for data protection reasons!** Please use a *uni-hamburg* email address or *studium.uni-hamburg.de* email address or an email address of these email domains (such as *chemie.uni-hamburg.de*, *informatik.uni-hamburg.de*, *zbh.uni-hamburg.de*, *hs.uni-hamburg.de*, *physik.uni-hamburg.de*, *physnet.uni-hamburg.de*, *uke.de* or *zmnh.uni-hamburg.de*) for communication with the doctoral administration of the MIN Faculty.
